Erik,

Sorry for the delay and confusion as to who had the responsibility for uploading this data. I have uploaded all of the information for Crandall Canyon, 1Q 2007 from the pipeline into the database. A report is attached.

As a reminder, according to the MRP, you are still missing a sample for SP-79, and a water temperature reading for the February sample at Outfall 002.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.
